Opening Bow Valley Recreation Grounds July 1st.

TOWN COUNCIL HELD INTERESTING MEETING

The regular meeting of the Town Council was held on Tuesday night. Most of the members, town and all members present, but Councillor Schutte, who was out of town.

W. Hildon was present, and duly seated on the board, being placed on the committee which Dr. T. W. Moore had acted upon.

The Mayor administered the oath of office, and postponed the "Third Degree" until next meeting, in order to make more room for an opportunity to make a speech by someone in ample supply of cigar, together with a few extra cigarettes for the Minister of Public Works.

A communication was read from Mr. MacLaren, Medicine Hat, regarding the proposed new electric line from C.P.R. Depot, which was receiving due consideration from the railway officials.

A sum of \$50 was made to the Provincial Jubilee Committee to assist in the work of celebrating on July 2nd.

Frank Skene was present and reported upon his visit as a delegate to a meeting with Hon. O. L. Macpherson, Minister of Public Works at Edmonton, to complete the Calgary highway.

The actual result was nil, but he believed that the presentation of the town's claim to the Minister of Public Works had made an impression upon the Government, and that now they were prepared to go fifty-fifty with the towns, while that was a gain, he would not be satisfied, as he felt that the Government in their turn had proposed were practically admitting their obligation to complete the road.

The portion of the road which they were refusing to complete was a section of the highway, the fact that it ran within the town limits, and no bearing upon the case.

The Government demanded taxes, and should return a reasonable portion to the town, just as the railway did the town.

The Government had made the announcement regarding going fifty-fifty and T. M. Wears had communication with the department. He had received a telegram from Mr. J. S. Roberts, as follows: "If an arrangement can be generally accepted by urban municipalities, the government to bear fifty per cent of cost of construction up to main highway, standard of grade to be determined."

Major Sharpless informed the council that he knew a contractor who would complete this portion of the highway for \$1,400, and that he would be glad to do good business to stop interfering with the road, and have it properly done.

The secretary was instructed to learn from the Government if they would accept the arrangement, as well as pay the fifty per cent of the cost.

An application was granted for a restaurant license from the Provincial Government to Quan Gart.

The tender of Percy Parish of \$50 for the license of the buildings in the park was approved.

An application from Hughes Motors for the use of a lot adjoining the garage on Second Street was granted upon a rental basis of \$100 per month.

Mr. Danvers, which will be requested to have the Girl Guides put on a "Tax Day" in the interest of the Canadian Red Cross Society.

An application was granted for the usual remission of taxes upon the

DR. J. D. MONTSMITH
Provincial Tax Collector for Ontario, who hopes to raise \$60,000 per year from the new tax on automobiles or not, will have to take a license which will cost one dollar per year.

Government may expect from an en-

quiring weed inspector gave the iron-
clad D62 an attack of "cold feet",
and by the time the discussion was
ended, Strathmore had lost its last
representative.

Chairman of Public Works, R. E. Wright, was present, and recommended that the work be done by day labor, with the exception of the cut-
ver and the gravel work.

The Mayor and Councillor Quirin
were willing to make an arrangement
to make specifications upon which
tenders might be asked. In the mean-
time an effort will be made to supply
the necessary data upon which tenders
may be submitted.

Chairman Dauphinais was very in-
dignant in regard to vandalism in the
park, and it is very probable that an
example will be made of the first per-
son caught.

Citizens from whom much better
information was expected, and
ruthlessly injure trees and property.

The bylaw is very complete and
definite, and the severity for non-
compliance is well known.

LUCK CHANGES FOR JOCKEY ABEL

NEW YORK—Lady Luck has certainly been kind to Jockey Whitey Abel. The hot who had been riding poorly all season and who had been supplanted as first string rider for Harry Payne Whitney by sonny Wormman, was on the verge of getting the air from the Whitney establishment when the jockey's fortunes turned and cast her smile on Whitey.

Wormman, who was a riding sensation in Maryland took a fall at Havre de Grace and the jockey got his chance. He had a long and glorious career in the Pimlico Oaks, and Whitey rode the little Oval Brougham on Fair Stakes to win by a nose. Then came the Preakness and the Whitney. A friend of Whitey's, Mr. George Spektor, has a good idea of money saved away himself and stood ready to invest some of it in the club.

SPEAKER HAS NO CHANCE TO GET CLEVELAND CLUB

CLEVELAND—Mr. Speaker and his associates have faith in their attempt to buy the Cleveland Indians from Mrs. Dunn. It is understood that there has been received that a majority of American League magnates, who must first vote in favor of Speaker's return to Cleveland as part owner of the club.

Friends of Speaker, with considerable financial backing, started the movement in favor of Tris and stood ready to meet Mrs. Dunn's term for the franchise and the understanding in the neighborhood that the Indians would be sold to the Indians.

Speaker has a good idea of money saved away himself and stood ready to invest some of it in the club.

PIRATES CONCEDED AS HAVING BEST N. L. CHANCE

NEW YORK—The Pirates are leading tamer with the smoothness on pennant race and Pittsburgh is conceded to have the best chance of any team in the National League, according to the experts and the general understanding here.

Whitey was again, as the Pirates are now, on the way to go to 6 to 5 with Philadelphia, Chicago and Washington, staying some time.

These two victories, and the sure that Wormman won't ride again until late in July, certainly put Abel back in the saddle again, as far as the Whitey's fate goes, as the Pirates are the team that is to be.

Whitey was always trying, even when luck was against him, and from now on he is going to be a tough nut to whip in a horse race.

SPORT NOTES

SENATOR CASTOFFS
ARE MAKING GOOD

ONLY COLLEGE GRID
STAR IN THE MAJORS

While Bucky Harris, manager of the Senators has been chichuking over the acquisition of Pitcher Hollis Thurston in a trade with the White Sox for Roger Peckinpaugh, he is charged with acting hasty in getting rid of three valuable boxers.

Zachary, the left-hander, who beat the Giants twice in the series, was signed by Harris to the Senators.

Louis Brown, for whom the Senators had pitched the winning ball ever since,

Alex Ferguson, in spite of good work against the Red Sox in 1925, was sent to Buffalo by the Senators a year ago after a string of winning games. But Ferguson now is one of the Phillips' most stayers, the Giants suffering defeat at his hands on Thursday.

Harrington and "Dutch" Rothe, over in the Bronx, the young southpaws and fasts, sure that he had made no mistake. Yet Rothe has beaten the Athletics and Red Sox, the latter being a sure sign of his staying power.

The Senators' manager has picked up three fine young pitchers in his winter, Murray and Lissenden and is getting excellent results from Coughlin and Marberry. But the season is still far from won, and the Washington fans are doubt well明白 that Ferguson, in trying to outwit Ferguson, Zachary and Rothe too soon.

ROSS RETIREMENT IS A MYSTERY

BALTIMORE, Md.—Mystery surrounds the announced retirement of Commissioner J. R. T. Ross, who has just as it appears in his entry in racing and equal mystery is attached to the reported disappearance of his financial resources just as it was attached to his sudden rise from obscurity as one of the richest men on the top.

He has ordered the selling of his entire stable of thoroughbreds and racing equipment, the sale of every bit of assessable furniture that greets his 15,000,000 dollar race course on the waterfront of Lake Erie, \$100,000.

What is the man, whose name was a byword on American and Canadian race courses a few years ago when he was drawing down purses after purses with Billy Kilkenny, Harry Coughlin, and a score of other top jockeys and winning with more on heavy ploughs, now grasping every opportunity to secure money. He has only fifty thoroughbreds to put under the hammer, but the most recent indications are that he has not far to go in financial rehabilitation. A few weeks ago he started legal proceedings against a New York trust company for the transfer of his wife's trust fund.

Friends of Ross, who are well disposed to him, wonder what were done to him. Commissioners who he was in his heyday are at a loss to understand his financial predicament. If there is one, many of them would like to help him, apparently it is not his fault, but his own. Friends wonder what are his plans after his numerous sales are carried out, or what is the necessity for them, so one can say. They are as well hidden as the source of the wealth that him to such a position of wealth, and it would be well if he pass off the stage as mysteriously as he came on it.

It was a highly colorful career while it lasted. He is reported to have been as high as millionaire before he was a successful jockey, the favorite of John W. Gates. There seldom was a limit to his wagers. When his assets amounted as to his orders, he asked what price was being laid. Then told them to go ahead and bet it, it being generally understood that the odds were changed, when they looked to him for more instructions. Yet, despite his plunging, he was a good jockey, and in 1925, he finished fifth in two hours on a race track, trembling with exhaustion when repeating the results. For a while everything he touched seemed to turn to gold, for when his luck was in, he had the world at his feet, but the turn of fortune and his fortunes elsewhere seem to be reversed. In how much he has dropped nobody knows, and he won't tell.

RUSSIAN ORDER FOR CANADIAN HORSES CANCELLED

—

MONTRAL.—The first direct effect of the severance of the trade relations between Canada and Soviet Russia came last night when officials of the Canadian Trade Commission here announced through the Canadian Press that the cancellation of the contract that had already been entered into between the commission and western Canadian horse breeders for the purchase by Russia of 1,000 horses. It was also stated that other prospective contracts had now been cancelled.

London F. Gitter, Soviet trade commissioner, is in Ottawa, but informed the staff of the local office to that effect last evening over the long distance telephone. The officials declared that they had received instructions, but did not disclose their nature. They were informed through the Canadian Press that the commission would be entitled when declaring that no statement could be made in this connection until the return of Commissioner Gitter from the capital.

IN DAYS OF OLD WHEN KNIGHTS WERE BOLD

BY EDNA M. HULL

Secretary, Junior League
Way back in "days of old" when we were young, we eagerly devoured every book that came our way especially if that book told us about the "wee toil" as the speech call them. How we used to read and re-read, living over and over again the adventures of Alice on that strange and eventful trip through the land beyond the looking glass. And then, when we sat curled up in the big chair, the book was put away and the twilight softly closed it around us—dark and dreary a deep shadow over us—we needed no lamp; in that room for we soon were far away for the child's imagination had taken us to a far-off land where many things happened and arrived, and with the fairies we had left this everyday world to wander through those strange places and see all those queer, fantastic shapes and all those little people who help us—had we not a chance to do this opportunity. At the Fairies' Ball in Alberta the neighborhood of our home meets for a grand tourney every summer—but you play'd your name on the list, then you and your boy and girl come to become a knight and fight for the cause, gather under the ears of men who have a knowledge of how the world can be rid of monsters, and a broad road to follow will be opened for you and they are anxious to show you the way. This knowledge was passed on to us by Knights of God who gave us up the fight for a well-armed rest—but the last dragon, the last monster is still there, the last monster is still there, and it is up to you to use your good sword and use it with all you might and main, and you will find when you have won the battle, your blood will be on the floor of the room, and you will give a resounding cheer for the cause, an opportunity to do his share, to show his courage and valor, that the fight you fought WAS for a good cause—and the results were worth the effort—and in all accord good to the world as it is.

Today the old delight and pleasure found in these once-treasured tales is gone—we scoff at the thought of "fairies" and tease the little ones who today get the same joy out of ragged-backed books as we once did.

But are you all your superior, worldly wisdom, any wiser, any happier, than those little folk who dwelt in a world of "theirs' pret'ed"? The little ones of today are as innocent as it is only to eat and kill dragons, and wicked tears and woe, and to waken princesses with a kiss. Have you given up dreaming, content with the world as it is? You have cast aside as foolish your belief in that wonderland of "fairies" who have anything to take its place? You no longer believe in dragons, or witches, as did the little ones of today?—you are as bold as the knight who is to be out, women and children and maidens "beautiful to see" to be saved—all the deeds for which King Arthur's Knights were renowned can still be done, and you can still be yourself in the armors of "Knowledges", buckles on the breast of "Service", mount your good steed "Justice", and with "Equity" for your motto, away to the wars!

Will be hard and tedious work to you to go out, fight, and save the world, but you'll be glad in such hard work for their cause was worthy and the prize was worth the toil. Our cause—to right the wrongs and make things "other", our prize—the joy and happiness in having done our duty—will be just as worthy just as much worthwhile. Shall we give up because the road be steep and long and the prize so distant? The men of old had no one to whom they could turn, the world over they had to depend on their own strength and their own strong right arm. But we today have a better name.

Knights, who in those dim by-gone days wandered through the damp forests, blazed a trail for those who were to follow. They told others what they had seen and what they had done and where they had been, that they might profit by their mistakes. When they had learned that the others had seen, and were prepared to meet the dangers, and they followed the blared trail, making a little clearer, a little wider for those who followed. And so the trail has to depend on their own strength and their own strong right arm. But we today have a better name.

MICKEY WALKER TO
FIGHT IN LONDON

—

NEW YORK, June 7.—Walker, accompanied by the ever-present Dempsey, has headed for London, where Mickey will defend his welterweight title against Tommy Milligan on June 30.

It is understood that the great sum of \$15,000 has been offered by the promoters for defending his crown against the Scotchman, which is believed to be the highest sum ever offered to fight the winner of the elimination match this year. He visited Canada in 1929 and 1931, when he went into the lumber camps operated by the "Death" organization in order to earn his bread.

While the terms of his coming bout are satisfactory, experienced observers here think that Jack Dunn has pulled the greatest of his series of tricks by taking Walker ahead of time to London.

One of the reasons for this is that the "Death" organization, which has been the bane of the boxing world for the past two years, has never had a young knight of today—the pathes today are not so rough and steep, the forests not so dark and deep, as when our ancestors began their fighting for the gods they fought a harder fight than we will

July 2nd at Strathmore.

General News

Experiments in the Pacific Coast methods of salmon fishing are being conducted at the village of North, N.S., with his new big fishing boat, "Fannie Powell II," following his extensive studies on the Pacific Coast.

The Canadian Pacific's gross earnings for the first quarter of the year were the largest on record for that quarter, at \$80,290,000, and the present quarter of last year, Net, however, was \$6,102,628, compared with \$6,531,067. —

Madame Jane Sison, champion of European women swimmers, arrived in Canada about the middle of May on the Canadian Pacific steamer "Empress of Asia" from Antwerp, and took part in swimming marathons in Montreal and other cities in both Canada and the United States, including events at the Toronto Exhibition.

The total catch of seafood on both the Atlantic and Pacific coasts during the month of March showed an increase of nearly \$8,000,000 pounds over the corresponding month of last year. The catch amounted to \$12,083,000 pounds, valued at \$1,224,786, according to a report of the Department of Marine and Fisheries. Seasonal increase was due to the increased catch of herring on the Pacific Coast.

Two thousand poultries from Europe have been imported for the forthcoming World Poultry Congress, to be held at Ottawa July 27 to August 4. The delegates will be headed by the Hon. W. M. Jardine, Secretary of Agriculture, and representing the Government. He will be accompanied by assistant secretary W. R. Dunton. Some 25 States are participating.

The prospects for British settlers coming to New Brunswick were good; that, in fact, arrangements had already been made for bringing a substantial number of settlers to the colony. The first party to be sent over was arranged by J. A. Murray, provincial superintendent of Colonization and Industry, who was returned from England where he was acting in the interests of the Government. He has received many enquiries as to the settlement prospects in New Brunswick.

That Calgary district has again taken a place in the front rank as a producer of horses in the Dominion was pointed out by G. H. Huston, President of the Calgary Rotary Club, who said that 37 of the 57 horses he has been shipped out of Calgary in three weeks, recently. Indicating the growth of the industry in the district he referred to the large number of entries received for the "Preston" Horse Show, totalling more than 800, as compared with 600 last year.

Evidence of the interest in the horse department in Canada in the field locomotives known as the G-6 type or "Pacific" engine in its remarkable combination of greatly increased power and efficiency with very slender dimensions, is the fact that practically all of the 200 technical schools in the east of Canada and nine in the west have requested photographs of this locomotive with a view of挂在它们 in these schools for the information of the children.

GENE TUNNEY, world's champion heavy weight boxer, arrived in Montreal at the Canadian Pacific Station, Saturday, May 27, and proceeded north to Macatawa in the Laurentian Mountains. From here he proceeded by motor to Five Pines, a resort, spending several days there. Tunney was accompanied on the cutting by W. O. McGehee, sporting editor, New York Herald Tribune, and W. A. Davenport, of Colliers Weekly. Mr. Tunney defied the weather, which was bad, to fight the winner of the elimination match this year. He visited Canada in 1929 and 1931, when he went into the lumber camps operated by the "Death" organization in order to earn his bread.

THINKS SHARKEY CAN
STOP GENE TUNNEY

LOS ANGELES, Calif.—Jack Dempsey, former world's champion, to be the "Death" organization, when himself by his defeat of Jim Maloney, "just about good enough to stop Gene Tunney, title holder, right now."

"While I think I can take Sharkey, a Sharkey fight should draw a big purse," Dempsey said.

The New Ford Car

—

W. E. Nutter, district sales manager of the Ford Motor Company of Canada, who is in Ottawa to have completed the arrangements for the Model T, announced that the new car, but added that it probably will be September before the new car is available for sale. In the interval, he said, sale of the Model T will continue. The announcement that the new car will be more expensive than the present model should set at cost runs as to a price cut. Further, Mr. Nutter said, the established Ford model will be discontinued, giving a new model when it does come into the market, the radio will be given away with the new car.

The new car, he said, will give a

The Carillon of the Victory Tower

Here they are. The great bells forming the major part of the 53 bells of the Victory Tower of the Parliament Buildings at Ottawa on which we sound the pean of the Canadian people in their national Confederation. They are shown here to a steel drum and jingle from the Canadian Carillon of the B.C. Cavalry Balfour which brought them across the Atlantic. The three largest bells, those the Great Balfour, of ten tons, the largest bell on the continent and the second largest in the world, only exceeded by the Balfour at Meuse Carillon. In the third picture shows the S.S. Balfour in the port of Quebec City at Montreal.

The great bell of the Great Balfour is encircled with maple leaves and inscribed under it is the inscription in English on the B.C. Cavalry Balfour which was installed by authority of Parliament to commemorate the Peace of 1914 and to keep the memory of the valour and sacrifice of Canada in the Great War. Amen. Domine, MISERICORDIA. "Enrich us with the fruits of victory, O God, to God in the Highest, and on earth peace, good will among men." St. Luke's Gospel, Chapter 2, Verse 4.

On Dominion Day, July 1, the Federal Government has decided that the noble peals of the Carillon will be broadcast over the length and breadth of Canada. Please, therefore, let it be relayed so that all will be heard in all parts of the British Empire and throughout the world.

LOCAL JOTTINGS

Mrs. Osborne, of Toronto, is the guest of her daughter, Mrs. E. N. Ridley.

Mrs. T. E. Wright has been visiting with her sister at Edmonton.

Everybody is requested to reserve

Wednesday night, June 22, for the

Memorial Service in honour of

Strathmore Stamped, which President

T. B. Wright has called, to be held

at the Memorial Hall. The Stamped

will be held on July 20, and Mr. Wright

states that all it needs now is for ev-

eryone to get behind and help

and make it bigger and better than ever. Don't forget the meeting date, Wednesday, June 22 at 8 p.m.

W. Baker of Nakata, has installed

an oil tank, and is preparing to

have a service in supplying the wants of the public. "We never

sleep," remarks Bill.

W. Baker, of Nakata, was entertained

at a dinner party by her young

friends, in Hamlin's Hall last week,

at which a happy evening was spent,

and all kinds of good wishes extended

for her future success, and regret

that she was leaving Strathmore.

Rev. A. H. Rose and Mrs. Rose are

congratulating on the birth of a son

on Saturday last.

Dr. and Mrs. Hayes, who are

leaving today for a vacation in

the Peace River country.

They intend to motor as far

as the roads will permit, and then

complete their journey by train.

"Bill" Wilkinson says this plan of

counting chickens before they are

hatched is a fine winter sport for

the winter holiday in the Peace River

country. They intend to motor to

the R.R. Hotel in Banff on Friday evening, June 17th at 6:30 o'clock.

Mrs. Broadbent and Mr. Davidson

have been over the dinner room of

the Strathmore Hotel. Mrs. Broadbent

and Mrs. Davidson are both well-known

locally, and have made a reputation

for themselves as being first-class

cooks. The public are assured of a

prompt, careful, clean and appetizing

service.

On Friday, June 17, from 3:30 to

4 p.m., a reception in honor of the

Rev. Mr. Wilkinson will be held at

the residence of Mrs. G. H. Martin,

to which all parishioners of St. Michael's

and All Angels Church, are invited to

attend.

Archie Gray, of the Royal Bank

staff, left Sunday, to spend his vaca-

tion at Banff, and incidentally give

those fellows in the mountains a few

pointers on how to make a real score

in golf.

The infant daughter of Mr. and

Mrs. John Martin was christened

Joan Patricia, at St. Magdalene's

Church, Drumheller, on the 15th

of June.

Mr. and Mrs. John Martin

traveled to the Minot Show, formerly an-

ounced in this column, and to cancel the

club meetings for the next two months

thus the dance at Nightingale on June

12th was cancelled.

Mr. and Mrs. John Martin

will be home Saturday, June 17,

from 3 to 5 p.m. at Gatenby's

Store.

ROCKYFORD

Mrs. Ralph Stone entertained a few guests at cards last Saturday evening.

Mr. and Mrs. Edwards, of Carbon, were in Rockyford Sunday. Mr. Edwards is driving a new Nash car.

The members of the Rockyford Golf Club have been invited to Drumheller to take part in a tournament on June 20th and 21st.

Mr. J. F. McNaish, of Wimipeg, who is with the firm of Robinson & Title Co., Ltd., was a visitor in Rockyford on Monday.

Mr. Ambrose Wiss met with a very painful accident last Thursday, breaking a bone in his foot. He went to Calgary for medical attention.

Mr. Ryan was a business visitor in Calgary on Tuesday.

Mr. Fred Hustler, Lloyd Hunter, and Mr. Joe Hustler were week end visitors in Rockyford.

Mr. Harry Tufts and Clarence Neumann of Drumheller, were visitors in Rockyford Sunday.

A large crowd of women attended the lecture given by Mr. F. T. Cook at the Rockyford Auditorium on Thursday evening of last week. On the course here under the direction of the Provincial Health Department, and his subject "Social Hygiene for Women", was an interesting one. Moving pictures were shown in conjunction with the lecture. Mr. Cook gave a lecture of similar nature, for men, Thursday evening, which was equally well attended.

Mr. and Mrs. Albert Stinn entertained at three tables of bridge on Thursday evening of last week. Delightful refreshments were served by the hostess at the close of the evening.

Mr. L. W. Jordan, who delivered a talk of trees here a few days ago announces that he will be at the return trip June 15th. Orders may be sent to Mr. C. W. Walker at the Hotel.

Mrs. Law Miller, who has been here visiting friends for the past few weeks, has returned to her home in Medicine Hat.

Mrs. Frank Ryan, Mrs. Law Miller, and Mrs. Phil Lingfield, and Mr. Dornan motored to Calgary last Friday.

At a meeting called by The Canadian Club last week, it was decided to arrange a program for the Diamond Jubilee celebration to take place here July 1st. This is to take the form of a children's celebration and all Rural and Rockford children are invited to take part in this. A committee, including Rev. Father Boltz, Mrs. Hawkins, Mr. MacFieiland, Mr. and Mrs. Walrod, Mr. Ryan, Mr. Black, Mr. Anton and Mr. MacLean, has been appointed to look after the details. The program will consist of a parade, which will include floats representing the different provinces geographically, also a float representing a union of the provinces; a band, and a float added to the band. Any addition will be acceptable. The Canadian Club instead bringing in a speaker who will deliver an address immediately after the parade. All Rockyford citizens should join in on this celebration and help to make the affair a success.

SHIPPING TRUST METHODS HINDCOPS CANADIAN MILLERS

WINNIPEG—Exports of flour on this market for the Orient are very rapidly disturbed. They are in receipt of notices from the Canadian Millers' Association that the 25 per cent. tax on the Pacific route from Vancouver to Shanghai will be immediately advanced to 47 unless ships of the North Pacific conference are given the monopoly of the business originating in Western Canada for Canada.

In any event, they are informed that even the 47 per cent. rate is only the guaranteed tariff for six months when it is to be adjusted. Canadian flour exports via the western route have just begun to assume sufficient volume to begin to assume profitable business for the Canadian mills.

This new rate will just be sufficient to give the Portland and Prince route the cream of the Orient flour business.

Editorially in two columns the Free Press today voices the protests of Canadian mill men, asserting that the methods of the old North Atlantic cartels exports to the Orient are being duplicated on the North Pacific. The paper urges the Dominion government to cut some of its mercantile marine in the Pacific to curb the rapacity of the trust and preserve the Canadian flour exports.

CANADIAN MANUFACTURERS' MFG. CO. LTD. CALGARY

Some five hundred delegates representing industrial interests in all parts of the Dominion met in Calgary, July 1, to discuss a plan of action and convention of the Canadian Manufacturers' Association. The selection of Alberta as the meeting place of this important gathering indicates an appreciation of the increasing industrial development of the province.

HEARD ON THE STREET

Teacher: "Stubby, do you believe the devil will get us if we're naughty?"
Stubby: "I don't know, ma'am, but I do know that we will get the devil if we're caught."

An elderly gentleman, who had never seen a boeing match, was persuaded by Jim Moran, to attend. "Now," said Jim, as the boy was about to start, "you'll see more excitement for a couple of dollars than you ever saw in your life."

"I have my doubts about that," was the reply, "that's all my marriage license cost me."

A man from Arrowhead has been down here trying to sell his insurance to us," said Jim, "he went to Bill Tierney. After he had got the boy cutting the first part of his speech all kind of stopped for breath, Bill says, "No," says he, "I don't care to take on no pester," he says. "I think my life's pretty safe," says he. "I hadn't married, you know."

"Sonny," said Dr. J. G. Giffen, "what shall I bring you, a brother or a sister?"

"If it is all the same to you, doctor, I'd like a pony."

Somebody asked the meaning of R.S.V.P. "I don't know exactly," says Jim Swanson, "but about all the attention they formally paid to it was to ion in Shakespear, Vitual up and Pick."

"What's the idea of all this talk of living the year into thirteen months—don't the regular ones die often enough?" asked Bill Woodlief.

Lawyer: "Madam, your husband is eminently well preserved."

Old Lady: "Well, he ought to be, he's been stowed for the last thirty years."

"You must be growing tired, me," said Mr. Newbywood, "you never call me 'dear' as other men's wives do."

"Do they?" she asked and heaved a sigh of relief.

Jimie Craddock: "Mother, who put the statue under the furnace?"

Mrs. Craddock: "Husky Jimmie, and be quiet. It is not a statue, dear, that is Mr. Moran, the plumber king."

Judge to Attorney: "Has the witness been cross-examined?"

Attorney: "Yes, Judge. He's been married for a number of years."

Jim Gunn thinks young people should be trained for marriage, because it has never been wise to send a young couple into battle." Train 'em."

It has been said that knowledge is what makes it possible for a man to succeed without using his intelligence, and intelligence makes it possible for a man to prosper without knowledge. But, Mr. T. B. Tamm, who knows a lot of the "folks" who seem to get along mighty well, who are not overburdened with any surplus of either.

Young Wife: "I want three cigars for my husband."

Bobbie Rimbly: "Like 'em strong?"

"Yes, please. The last ones broke in his pocket."

Frank Morris: "Baby's getting on considerably—I'm sure she'll be able to walk soon."

Frank Father: "Do you think it's worth the trouble of teaching her? Hardly anybody walks much nowadays."

Tony Grogan tells about a friend of his, a traveling man, who visited a certain small town and sold the proprietor of the general store a bill of goods. We were sure he had the local bank, which returned the draft unhonored. The whoreshot that wrote to the postmaster about this, wrote to the postmaster about this.

But the company nevertheless attempted to collect the bill, and drew a bill of exchange on the man, through the local bank, which returned the draft unhonored. The whoreshot that wrote to the postmaster about this, wrote to the postmaster about this.

The underlined is the mercantile on whom you attempted to gain on your worthless goods. The underlined is the mercantile on whom you attempted to gain on your worthless goods. The bank to which you sent your right draft. The underlined is the postmaster to whom you wrote, and the underlined is the lawyer whose services you sought to obtain for your various business. If the underlined were not also the postmaster of the place this would tell you all you need to know.

1. A good many people like to go to have a procession. Encourage the local band, and have the children join in the parade in which all societies and organizations should have a part. Although in most local

READ THE WANT ADS

There is a story about a school trustee, who, on his monthly visit to the school, took occasion to criticize the teacher for her painstaking insistence that punctuation was essential to the proper written expression of our thoughts.

"Poofish talk," quoted the trustee. "James," commanded the teacher, "please proceed to the blackboard and write this sentence." The trustee says the teacher is a fool.

Which made the sentence read, "The trustee says the teacher is a fool." And the trustee is said to have left without further argument.

THE DIAMOND JUBILEE OF CONFEDERATION BY MRS. R. B. GUNN President F.U.W.A.

—o—

The editor has very kindly asked me to write an article for the pages of this paper. With the permission of the editor, I shall make the opportunity of writing briefly on a subject that has been much in mind the past few weeks—the Diamond Jubilee of Confederation. I have been wondering what part our country has been playing in helping to celebrate this anniversary, in a fitting and worthwhile manner.

All over Canada preparations are being made to make this a day of joyous and memorable occasions. I have been asked to submit a column to the editor, in the event, to provide suitable material for essays, addresses and programs and to assist provincial committees in every possible way.

Provincial committees have also been appointed representatives of the main activities and organizations in the provinces to co-ordinate plans, and to ensure that this day shall be not merely a day of spectacular display but a day of real and genuine rejoicing, recognized suitably and worthily by the people of the towns and villages and rural communities; that this day in its outward demonstration of national pride and patriotism, and uttering flags may be a day of real and genuine rejoicing, recognizing loyalty in the hearts and homes of the people—a feeling of pride in the things accomplished, a recognition and acceptance of responsibility for all that has been done for the welfare of the country;—the rural communities shall actively participate in this event may well be part of the program of junior locals for the next four weeks.

As part of their contribution to the celebration, junior locals should encourage their members prepare and give an address on some character in Canadian history; on the progress of the Dominion in any of its varied phases; on any part of the Junior U.P.A. hopes to plan a special display of the Junior U.P.A. in the city of Calgary, and to have any suitable themes. Perhaps choruses might be practiced, or parades, tableau, or drills.

The following suggestions taken from the pamphlet "How to Make the Nation's Centennial a happy and peaceful celebration in arranging a Jubilee Picnic or community gathering." This will not quote in full, but take such suggestions as may seem to my mind, appropriate for rural communities:

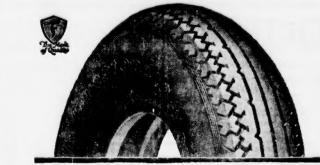

1. Encourage the local band, and have the community interested and working together—this day is for all the people.

2. Sub-committees should be appointed to see that such masters as finance, devices, decorations, participation of school children, sports, parades, pageants, music, speakers, etc.

3. There should be a clear strong dominant note of patriotism in every celebration. This is Canada's sixtieth anniversary, and the people in this country and of our people to be included in the procession.

4. Children in the picnics should be included in the procession.

5. Newcomers in every community should be especially invited to take part in the celebration.

Scientifically Designed Balloon Tire Tread

Low pressure conditions distribute most of the weight and wear toward the outer edges of the Balloon Tread, so that is where Firestone has placed the tread of the tire. At the center point is a deep gap, between two narrow outer rider strips and flanked by additional grooves, which nearly close up when the rubber spreads out as the tire is placed under load. Next come the wide outer rider strips with numerous short projections to grip the ground. These projections are made to permit the tread to hold to irregular surfaces and cling to the road. The carcass of the Balloon Tire must have the qualifications to withstand the extreme flexing which this tread permits. Firestone provides extra strength and endurance by dipping the cords of the carcass in a rubber solution which completely saturates and insulates every fiber of every cord, insuring the highest degree of economy, safety and comfort.

ADMINISTERING AN ESTATE IS A BUSINESS IN ITSELF

When you are debating with yourself whether to name an individual or a Trust Company, as Executor of your will and trustee of your estate, bear in mind this vital distinction.

With most individuals executorship is a side issue, for which they have no special preparation. Administering wills and managing estates is the business of a Trust Company for which it has been organized and is especially equipped.

Correspondence invited.

It is hoped to broadcast from Ottawa (and other stations) through every station in Canada a patriotic speech placed on the card of bells in the tower of the Federal Parliament Buildings. Details about this will appear later in the paper.

It is anticipated also that Saturday, July 2nd, may be devoted to games and sport, and that an effort should be made that Sunday, July 3rd, should be dedicated through suitable hymns and addresses to the Dominion.

It is hoped to broadcast from Ottawa (and other stations) a patriotic speech placed on the card of bells in the tower of the Federal Parliament Buildings. Details about this will appear later in the paper.

MORE BUFFALO
BEING MOVED NORTH
— — —

The first consignment of a few hundred buffaloes to be moved this season from the Peace River and Waterways to the buffalo pastures at Fort St. John is expected to leave Edson on June 7. Arrangements have been made with Waterways for an aerial survey to be undertaken soon by the Dominion Government of the area in the far north over which the wood and plains buffaloes are roaming.

Throughout the summer and early fall until the 2,000 head have been removed.

The 1927 shipments will bring the total number of buffaloes moved to the northern pastures up to over 5,000, as 1,624 were translocated in 1926 and 2,411 in 1926. Plans are under way for an aerial survey to be undertaken soon by the Dominion Government of the area in the far north over which the wood and plains buffaloes are roaming.

Notices of entertainments, meetings, sales, etc., at which admission is charged, articles sold, or a collection taken, with the exception of actual church services, will be charged for at regular advertising rates.

CANADA'S FIRST PREMIER

Sir John A. Macdonald, the "chief architect" of Confederation, is properly admired, and his shrewdness, his broad vision, and his remarkable capacity for work, were well known. He was loved for his wit, his generosity, and all the good human characteristics. He stood for a united Canada, the British connection, and a respect for law that ensured order at a stage of the country's development when lawlessness might have been the order of the day. Though not even a lawyer by training, he seemed to have the right sort of legal training, or, at least, enough of personal merit that in old age he was a popular man.

He was ready to compromise, simple in political strategy, our first premier was, for more than an able parliamentarian, the man to whom Canada's statement to the world that the West was the purchase of the West from the Hudson's Bay Company; the building of the Canadian Pacific Railway, opened the markets for settlement, and brought British Columbia into the Union; and the adoption of a tariff policy which all succeeding governments have adhered to, with necessary modifications, to this day.

Above all, his career illustrates the importance of making concessions to element elements and minorities that might otherwise become insurmountable obstacles to the French and, though an Englishman, he considered Quebec's needs to the extent that he always supported them, and sometimes his chief opponent, never was that trait more evident. When his diplomatic whining of Home by offer of better terms, quelled the secessionist agitation in the Maritimes.

Born in Glasgow in 1815, he migrated with his family in 1820 to Upper Canada, where he became a hotel-keeper. He was educated at the Bowes Grammar School, which he left at the age of fifteen to enter a law office; and was called to the bar at the age of twenty-one. After sixteen years of practice, he was elected to the Legislative Assembly of Canada in 1843, and continued to represent Kingston in parliament until his death in 1891, except from 1875 to 1882, when he was defeated in 1875 by Alexander Galt, whom he was returned for in 1882. His second term was the 1878 as Receiver-General in the Draper administration. By 1857 he had become Prime Minister in the Macdonald-Cartier ministry. On the defeat of the Macdonald administration in 1861, he was a prominent in the formation of the "Great Coalition" designed to carry through the plans for Confederation; and after the resignation of George Brown in 1865, Macdonald was the chief figure in the discussions and bringing into force of the British North America Act. Thereafter, at the inauguration of this Dominion in 1867, he was selected to be the first premier and by force of his personal popularity and the position, with the exception of Macdonald, of a five years' or other, until his death.

While his optimism and his confidence have been held against him, historians have agreed that Canada would not have been born in the first place but for John A. Macdonald combined the wise wisdom that knew how to build well for the future, with a strong hand, that held discordant elements together in the embryo of a nation, until such time as Sir Wilfrid Laurier.

What would have been the fate of Confederation, if the politicians who had made up the Macdonald government had not survived in the minds of the statesmen who were compelled to carry on their gigantic undertaking? One of the finest titles bestowed on Sir Wilfrid Laurier is probably to assert

EXPERIENCE

Long experience has proved to farmers that they can rely on this farmers' company for service and protection in marketing their grain.

the whole nation paid respects to his way.

What was Laurier's doctrine on Confederation? First of all, a fundamental principle: Confederation was a compromise between an alliance and a complete fusion. And he added: "From this fundamental principle is born this corollary, that between the entities represented in the new entity, there is, in the new entity which springs from it, no superiority or subordination, but complete equality."
